

Cynthia Kaarto Knight

Biography: Cynthia has been a working/traveling musician for over 40 yrs and has been teaching for much of that time, most recently becoming a music teacher with the TDSB in 2017. She has been at Fairbank PS ever since and has built a very strong music program using keyboards, guitars, ukuleles and band/string instruments. Her approach encourages students to develop a passion for making music while learning songs quickly on the instrument of their choice and showing what they have learned through performance at [assemblies and other events](#).

Workshop title: *Teaching music efficiently in the elementary classroom with little to no experience*

Workshop description: How can teachers with little to no experience teach a specialized subject like Music? This workshop will assist teachers in understanding the basics of music-making, working with a school budget in building a good music program, and igniting a passion for music learning in their students. Join us on Zoom for this one hour informative presentation!
